

# **1<sup>th</sup> INTERNATIONAL SYMPOSIUM ON ROCKFILL DAMS— Technical Exhibition Invitation**

For further promoting the technical progress of rockfill dams, and to update the state of the art of rockfill engineering, particularly, to share the experience on design, construction and performance of recent very high CFRD dams, Chinese Committee on Large dams (CHINCOLD) and Brazilian Committee on Large Dams (CBDB) will jointly sponsor the International Symposiums on High Rockfill Dam by turns in China and Brazil. **The 1<sup>st</sup> INTERNATIONAL SYMPOSIUM ON ROCKFILL DAMS will be held in Chengdu, China on 18-21 October 2009.**

Brazil and China, two leading countries in rockfill dams would like to make their efforts to prepare the 1<sup>st</sup> Symposium with the biggest ambitions, both in contents and in international scope. This Symposium will provide platform for all attendants to discuss and exchange on rockfill dams issues such as design, construction, operation, rehabilitation, maintenance and application.

A major Technical Exhibition will take place in the elegant and spacious symposium area during the symposium period. And the coffee breaks will also take place there.

Exhibition space in units of 6 m<sup>2</sup> (3 m wide\*2 m high) and some necessary equipments including paneling, a table, two chairs, lights and a company marking will be provided. The price for one stand is Euro 1200(with also include one free registration for the conference).We have 12 stands from 15 to 26 there.

Various opportunities will be available to sponsor social activities, such as meetings, lunches, repetitions and coffee breaks.

Chinese market is a huge and promising market in rockfill dam's planning, design, testing, construction, maintenance, rebuilding and so on, this will be a pleasant and memorable way of bringing your organization to the attention of the international participants, and also, which will be good opportunities to access to Chinese market via the technical exhibition.

To receive further details of the technical and /or sponsorship opportunities, please complete the form attached and return it to us. We will reserve a stand for you, and keep inform you the latest information about the 1<sup>st</sup> international symposium on rockfill dams.

Best regards,

Yours

Ms. Yao ZHANG

Add: Room 1260, IWHR Building A, A1 Fuxing Rd., Beijing 100038, P.R. China.
